

Gold SEO Service

Contributed by

Gold SEO ServiceThe MightySEO 'Gold' SEO Service is a complete SEO service taking you from where you are now to page 1 Google listings! It involves us accessing your site and making a range of adjustments agreed with you. These adjustments will optimise your sites performance in the search engines and are made based on our expert knowledge and judgement of what really works best in search engine rankings. This on-page SEO will include changes to meta tags, keyword positioning, keyword density, page names, alt img text, intra-site text linking and many other factors. Following optimisation of your site we begin work on the 'off-page' optimisation. We carefully and manually submit your site to directories and search engines. In total, you will be submitted to over 100 search engines and over 300 directories. This work is done with careful attention to the anchor text used in the links to your site. We also achieve deep linking to your site again to achieve the maximum SEO benefit for your business. We are happy to explain what this all means if you are interested! In conclusion, this service is all you need to move to the top of the major search engines (Google, Yahoo and MSN) and almost all of our previous clients have had their expectations exceeded!
